VIRUS 
POWER

A NEW ERA IN MOTORCYCLING

Where innovation becomes safe and responsible, combining uncompromising performance with respect for the environment.

#MYSKINWITHOUTLEATHER

VIRUS POWER

ECO FRIENDLY

HIGH-QUALITY MATERIALS

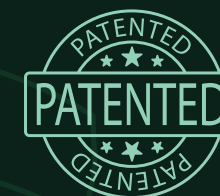

It draws on experience gained in the world of motor racing. It features a snug fit for greater protection and freedom of movement.

ECO FRIENDLY

The Virus Power suit is a product that represents a concrete commitment to sustainability. From the use of recycled materials to responsible manufacturing, every aspect of the Virus Power suit is optimised to respect the planet.

The Virus Power motorcycle suit represents a leap forward not only for motorcyclists but also for our planet. Made from high-quality, recyclable materials and with absolutely no animal-derived components, the Virus Power suit allows us to make a responsible choice, in terms of safety, performance and respect for the environment.

MADE IN ITALY

SECURITY & INNOVATION

TRIPLE A TECHNOLOGY (AAA)

The technology behind Virus Power racing suits represents a revolution in the motorcycling industry. Made from patented MultiProtective composite material and certified to AAA standard (in accordance with EN17092:2020), Virus Power suits boast features that are unique in the world, in terms of resistance to tearing, abrasion and cutting.

They provide 10-12 times greater protection than the safety standards required by current regulations, without the need for additional reinforcements, ensuring unrivalled comfort in terms of lightness, breathability and fit.

BRAND SPECIALISED

Virus Power is a brand specialising in the manufacture of suits for motorcyclists; it stands out for its revolutionary motorcycle gear, thanks to its eco-friendly, triple-A-rated and patented material.

VIRUS POWER

VENIUS

MADE IN ITALY

DESCRIPTION

A pair of dungarees with racing DNA that sculpt the silhouette and provide robust protection for the lower body. Technical excellence, femininity and personality come together in a garment designed to impress: protected in the saddle, irresistibly sexy once the jacket is removed. It is incredibly easy to wear.

COMFORT FIT

Top Fit cut, designed to flatter the figure and ensure maximum freedom of movement. A breathable design with stretch panels for dynamic comfort and a perfect fit whilst riding.

MATERIALS

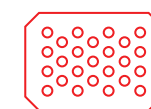

Made from a patented high-tech composite textile fibre called "Multiprotective", AA-approved, fully recyclable and free from animal-derived components. Micro-perforated inner lining with polyester and carbon yarns, antibacterial and antiseptic. Stretch inserts for durability, flexibility and racing performance.

PROTECTION

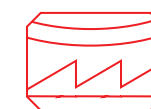

CE EN 1621-1 Level 2 approved protectors on the knees. Anti Shock System inserts in Memory Foam for advanced impact absorption.

CITY LADY

MADE IN ITALY

DESCRIPTION

City Lady is a uniquely designed urban jacket, created to accompany you through everyday life with style and practicality. Perfect for those who travel by motorbike, it combines functionality, comfort and a modern aesthetic that blends seamlessly into the urban environment.

COMFORT FIT

Top Fit cut, designed to flatter the female silhouette whilst offering optimal comfort in every riding position. The breathable construction, enhanced by stretch inserts, ensures a natural fit and great freedom of movement at all times.

MATERIALS

Made from patented high-tech "Multiprotective" composite textile fibre, AA-certified, fully recyclable and free from animal-derived components, for a responsible choice without compromising on performance. The micro-perforated inner lining, made from polyester yarns, guarantees high breathability. City Lady is also water-repellent.

PROTECTION

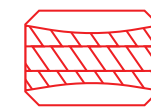

CE EN 1621-1 Level 2-approved protectors positioned on the knees, designed to offer reliable protection without compromising comfort. The structure is completed by Anti Shock System inserts in Memory Foam, designed to effectively absorb and dissipate impact energy.
